Landow and Trixie Tremaine leap from the deck of the steamer into the harbor waters of an Oriental port and escape from the hands of Adams' henchmen. Reaching the shore, Landow is pursued by the police and is finally captured and thrown into jail, while Adams hires a lot of thugs to keep Trixie and her friends off his trail, enabling him to escape to the sacred city of the Leopard People, whence he sets out to find the thousand perfect pearls with the help of the Peril Pact. But he has lost the Sacred Ruby, which is in the hands of Landow, now in jail.

Abba Sigh, by means of an occult formula, determines the location of the pearls and follows Adams to the desert. Adams waits for the shadow of the leopard's claw to appear on the sand and then digs for the pearls.
